

# Welcome to the neighbourhood

## Good Neighbours

McMaster students who live around campus are part of a community filled with friendly people – and as a student you're one of them.

## Here are tips for **being a good neighbour:**

### **Help keep sidewalks accessible:**

Clear fallen leaves and ensure walkways are free of snow.

---

### **Support local:**

Explore shops and businesses around campus.

---

### **Be respectful and responsible:**

Keep noise low and property in good condition.

---

### **Introduce yourself to your neighbours:**

You could meet other students, seniors, families, babies and maybe even a dog.

---

### **Recycle and compost:**

Help the environment by learning how to use blue and green bins, and when to place them at the curb.

---
